

HERMITAGE MUSEUM

The Hermitage museum fully lives up to its reputation as the world's greatest art museum. The museum occupies six magnificent buildings right in the heart of St Petersburg. The leading role in this unique architectural ensemble is played by the baroque masterpiece – Winter Palace, the residence of the Russian tsars. Put together throughout two centuries and a half, the Hermitage collections of works of art (over 3,000,000 items) present the development of the world culture and art from the Stone Age to the 20th century.
